I am currently employed with Teleperformance USA located in Ormond Beach, FL. I am currently in the position of Account Executive. I am satisfied with my telemarketing experience. The products and services that are provided are beneficial to the customers that are contacted. This job enables me to make a living and to better my life. The experience that I am receiving will help me in my quest for a career and at this point, there are not many options open in the economy today to provide for myself and my family. In the event that this law is passed, I would no longer be able to provide as I have been. Since telemarketing companies are on a rise, many jobs would be lost due to this act being passed. Finding alternative employment would be extremely difficult if thousands of positions are eliminated nationwide. I definitely oppose a nationwide DNC list and restrictions on Predictive Dialers. I support Teleperformance USA's and the American Telemarketing Association's proposed modifications to the FTC rules.

Thank you for your full consideration on this topic.

Rules and Regulations Implementing the Telephone Consumer Protection Act of 1991

I am currently employed with Teleperformance USA located in Ormond Beach, FL. I am currently in the position of Account Manager. I am satisfied with my telemarketing experience. The products and services that are provided are beneficial to the customers that are contacted. This job enables me to make a living and to better my life. The experience that I am receiving will help me in my quest for a career and at this point, there are not many options open in the economy today to provide for myself and my family. In the event that this law is passed, I would no longer be able to provide as I have been. Since telemarketing companies are on a rise, many jobs would be lost due to this act being passed. Finding alternative employment would be extremely difficult if thousands of positions are eliminated nationwide. I definitely oppose a nationwide DNC list and restrictions on Predictive Dialers. I support Teleperformance USA's and the American Telemarketing Association's proposed modifications to the FTC rules.
